

SABRE MOCHACHINO DAY Featuring MYSTIQUE

FOR IMMEDIATE RELEASE

MOCHACHINO MYSTIQUE BRINGS FASHION, MENTORSHIP AND THE NEXT GENERATION OF DESIGNERS TO THE RUNWAY

Futures in Fashion students from Boys & Girls Clubs of Martin County return to the Mochachino runway following an extraordinary fashion and educational experience in New York City.

SATURDAY, OCTOBER 3, 2026
6:00 PM – 11:00 PM

500 ORANGE AVENUE
Downtown Fort Pierce, Florida

FORT PIERCE, FL — September 2026 — On Saturday, October 3, fashion will become more than something to watch. It will become something to believe in.

Sabre Mochachino and Mochachino Bespoke Design Company will present **Mochachino MYSTIQUE**, an immersive fashion experience celebrating creativity, craftsmanship, imagination and the transformative power of opportunity as part of the inaugural Sabre Mochachino Day.

At the center of the evening will be young designers from **Futures in Fashion**, an innovative fashion education and mentorship initiative created in partnership with the Boys & Girls Clubs of Martin County. For the second consecutive year, students will unveil garments they designed and created themselves in a professional runway environment.

FROM AN IDEA ON PAPER TO A RUNWAY OF POSSIBILITIES

Futures in Fashion introduces young people to fashion design, illustration, textiles, garment construction, presentation, communication, problem-solving, teamwork, creative direction and the discipline required to turn an idea into something tangible.

"Fashion gave me a way to imagine possibilities for my own life. Now I have an opportunity to help young people recognize possibilities for theirs."

TAKING FASHION EDUCATION BEYOND THE CLASSROOM

In August, five Futures in Fashion students traveled to New York City for an educational fashion exploration that included Manhattan's historic Garment District, the Fashion Institute of Technology, the 9/11 Memorial, the Brooklyn Museum and fabric and material shopping. The experience was designed to widen their lens and expose them to possibility.

THEIR NEXT STOP IS THE RUNWAY

On October 3, those experiences come full circle. Student designers will reveal original creations before a live audience alongside designs from Mochachino Bespoke Design Company. Their finished garments represent instruction, experimentation, perseverance and growth.

"The finished garment is what everyone sees. I see everything that happened before it: the mistakes, the questions, the frustration, the breakthroughs and the moment they finally realized, 'I actually did this.'"

MYSTIQUE: THE EXPERIENCE

Where Mystery Meets Possibility. MYSTIQUE is conceived around intrigue, sophistication and unpredictability. Through fashion, music, atmosphere and theatrical presentation, guests will enter a world where curiosity unfolds one look at a time.

The collection showcases the custom-bespoke aesthetic of Mochachino while creating space for the next generation of designers to be seen, heard and celebrated. The evening also recognizes Sabre Mochachino's more than three decades in fashion and his continuing commitment to creative opportunity and mentorship.

A FASHION SHOW WITH A PURPOSE

The collaboration between Mochachino Bespoke Design Company and Boys & Girls Clubs of Martin County demonstrates the power of creative-industry mentorship. Students may discover futures in entrepreneurship, marketing, merchandising, photography, communications, production, styling, business or technology—and may leave with greater confidence and the belief that their ideas have value.

THE COMMUNITY IS INVITED

Mochachino MYSTIQUE invites fashion enthusiasts, business leaders, educators, families, community supporters, creatives and anyone who believes in investing in young people's potential. The first 150 guests will receive a special Mystery Gift Bag featuring a Mystery Item.

ABOUT MOCHACHINO BESPOKE DESIGN COMPANY

Founded by international fashion designer Sabre Mochachino, Mochachino Bespoke Design Company is a Florida-headquartered fashion and lifestyle company with roots in Brooklyn and Los Angeles. For more than three decades, the company has built its identity around individuality, craftsmanship, made-to-measure design, limited collections, ready-to-wear apparel, accessories and creative storytelling.

ABOUT FUTURES IN FASHION & BOYS & GIRLS CLUBS OF MARTIN COUNTY

Futures in Fashion is a youth fashion education and mentorship initiative created in partnership with Boys & Girls Clubs of Martin County. The program uses fashion as a vehicle to teach design, construction, presentation, communication, teamwork, problem-solving, confidence and entrepreneurship.

YOU ARE INVITED TO EXPERIENCE MYSTIQUE

The Sabre Mochachino Group warmly invites guests, fashion enthusiasts, community leaders, educators, creatives, business professionals and supporters of youth development to join us for this special evening celebrating fashion, creativity, mentorship and the next generation of designers. **Interested guests who would like to attend or receive event information should contact D. Chris Wilks, Director of Marketing, at 772.979.1792 or prmarketing@mymochachino.com.**
