#### About HostGator

Founded in 2002 right smack in a humble dorm room, Hostgator is the brainchild of former Atlantic University student-turn-technology innovator Brent Oxley. From its humble 3-server start-up, it has become one of the topnotch leaders and the largest service provider in the realm of reseller, shared, VPS, and dedicated web servers globally. With experts and veterans on its management team, and a

reliable customer support team on a 24/7/365 basis, HostGator continually and consistently deliver quality and cost-efficient webhosting services that it is known for.
