## DonRay Petroleum, LLC Announces Completion of the DRP Grace #41 Well

*FOR IMMEDIATE RELEASE*

**Oklahoma City, Okla.** - DonRay Petroleum, LLC, a privately held oil and gas company located in Oklahoma City, today announced the completion of the DRP Grace #41 Joint Venture well in Noble, County Okla.

The DRP Grace # 41 joint venture well began production in November 2012 at approximately 10 barrels of oil, 38,000 cubic feet of gas and 1,200 barrels of salt water per day.

As of the end of January 2014 the production has settled to approximately 12 barrels of oil, 147,000 cubic feet of gas and 1,200 barrels of salt water per day. The cumulative production to date is approximately 4,342 barrels of oil and 32.7 million cubic feet of gas.

According to Ray Corbitt, Jr., the joint venture manager and president of DonRay Petroleum LLC, the production has continued to increase the longer the well has been in operation.

“The production of DRP Grace #41 well has increased over the past 14 months,” said Corbitt. “We believe it potentially could increase more in the future.”
