## TESTIMONIALS

*"In an era where the art of customer service seems to be a thing of the past, Accentuate Staffing embodies a culture where customer service happens as a normal course of operations. Our past experience with personnel agencies is common. Most parade through an exhausting number of remotely qualified candidates trying to fill a job order so they can move on to the next customer. We have found that Accentuate Staffing actually attempts to match up qualifications - even personalities - to our openings. Without reservation, I would recommend Accentuate Staffing for any company looking for an old school customer service relationship." – Gary P, Chief Executive Officer*

*"Accentuate Staffing took the time to understand my strengths and ambitions and were able to match me to the perfect job with the perfect company. Their commitment to their contractors is unbelievable and I would recommend them to anyone looking to find their ideal job!" – Susan H, Successfully Placed Candidate*
