Atlanta Dental Spa has purchased the former Flip Burger building at 664 N Highland Ave and we are planning extensive renovations for opening in Summer, 2017.

With an office in Buckhead and one in Roswell, Atlanta Dental Spa has made a name as the premier dental provider in Atlanta. We take great pride in offering patients a relaxed, spa-like experience unlike anywhere else. Our experienced team of doctors and hygienists practice total health dentistry and consider our patient's well-being and confidence as their #1 goal.

Our new Poncey-Highlands location will offer the same great amenities as our other locations, as well as:

- First ever SkyView Operatory™ on top level, with skyline views of Atlanta
- LEED Certification
- Expanded business hours
- Free, street-front parking
- Convenient, in-town location
- Another great design by [Wilcox Design Group](#)
