FOR IMMEDIATE RELEASE

ALL WOOD GUITAR RACK SEES ROCK SOLID GROWTH

LONG ISLAND, NY – Designed by a collector tired of a chaotic studio and cluttered living space, Rock Solid Guitar Stands is an emerging brand nationwide. They are designed not only to safely organize and protect guitars, but to showcase your collection and compliment the home as a piece of furniture. Rock Solid is the first multi-guitar stand made of real wood in its price range, allowing our audience to range from young adults to veteran collectors.

Along with the aesthetically pleasing design of the stands, each model is adorned with soft neoprene foam on the bottom rails and neck slots to allow optimal protection. All models have adjustable floor risers, wood veneer covers and a light birch plywood center. Our stands are even safe on nitrocellulose finishes! Rock Solid is a classic piece of furniture for your home, with three quintessential finishes including dark cherry, honey and ivory.

The three models available today are the Classic 4, Show 5 and Classic 6—each of which holds electric or acoustic guitars, basses, banjos or similar instruments.

The Classic 4 is for the collector with limited space, holding four guitars and measuring at only 33” wide x 28” high x 18” deep.

The Show 5 is our most unique design; fitting five guitars and giving you space to show off your favorite and have it accessible at all times.

The Classic 6 holds six guitars, measuring at 44” wide x 28” high x 18” deep. These saving-space designs give our customers a distinctive place to organize and admire their collections.

Rock Solid Guitar Stands has captured the attention of the industry through exceptional reviews from Premier Guitar, DolphinStreet.com, Home Recording Weekly, The Fret Wire, Guitar Noize and a five star rating from blogger Sean Maine. In merely two years, Rock Solid Guitar Stands has amassed a loyal following of over 3,000 users combined on Facebook & Twitter.

Rock Solid is the ultimate multi-guitar stand doing double-time as a space-saver and quality piece of furniture.
