uKloo and MAJic Gotta GUND Deal **New Plush Pods Line Launches**

Toronto, ON - (August 19, 2020) – New Plush Pods, fun spring-clip, two-in-one plush pals, are now available from GUND, it was announced today by uKloo Kids, Inc. and MAJic Creative Inc.

Plush Pods (MSRP \$15 each, for ages 3+) are adorable two-in-one plush toys. Just pinch the clip in the back of the 9.5” plush animal and it’ll open wide for a surprise inside. Plush Pods bring make believe to life with open and close mouth action that makes playtime clean up a breeze and ensures these besties never leave each other’s side. Surface-washable for easy cleaning too.

“The new Plush Pods are the first designs in a series of collectibles. We are thrilled to have GUND’s wonderful team bring them to life,” said Doreen Dotto, President of uKloo Kids Inc. “It’s a proud moment to have the Plush Pods available for everyone around the world who’s Gotta Getta GUND®.”

The deal with GUND / Spin Master, for the Plush Pods was facilitated by Melissa Cohen, Founder and Chief Creative Officer of MAJic Creative. MAJic’s team of product development consultants expanded, developed and licensed the original concept by uKloo to launch this growing brand.

Cohen said, “We are excited to partner with Gund/Spin Master to get the Plush Pods into the hands of many children. The surprise inside theme of each Plush Pod brings joy whether children play with one or mix and match each character.”

Three different Plush Pods start the new GUND series:

- ☆ **[Shark Plush Pod with Fish](#)**: A happy shark with plush skin that sparkles with ocean sunlight to reveal a smiling fish with shimmering holographic scales resting inside its open mouth, but don’t worry: these two are best friends, ready to team up and go for a swim.
- ☆ **[Unicorn Plush Pod with Ice Cream Cone](#)**: Pinch the back of this playfully pink and white unicorn and she opens wide to reveal for a tasty treat inside. Don’t worry about the friendly-faced ice cream cone, the unicorn is indulging in delivering fun with his sparkly friend.
- ☆ **[Dragon Plush Pod with Knight](#)**: A delightful dragon with plush skins sparkles with magic to reveal a smiling knight resting inside its open mouth. The knight wears armor and carries a sword and shield, but don’t worry: these two are best friends, ready to team up and go for a medieval ride in the sky.
